

SABINARES EL CONFÍN 2012

"Recovered small parcels of very old vineyard and cultivated in a place where the viticulture is extreme, located at a 1,005 meter average altitude. Varieties: Tempranillo, Garnacha, Mencía and others unknown at the moment."

HARVEST 2012

In a vineyard as extreme as this, it is where we can obtain an expression of an uncommon, yet spectacular vineyard. Grapes with an unusual balance, elaborated in open containers, soft manual punching down and aged for 14 months in barrel create a wine where maturity and freshness go hand in hand. Balance and elegance.

Production: 670 bottles
