WINEMAKING AND AGEING

Alcoholic fermentation in stainless steel tanks at a controlled temperature. Subsequent period in new and semi-new French oak barrels for 12 months. Wine does not undergo any stabilisation treatment or procedures, so it may contain some sediments.

WINE TASTING

Soft purplish colour. Aromas of violets and white flowers on background of vanilla. Reminiscent of cherries as it breathes in the glass. Fresh and smooth in the mouth, with a caramel after-taste.

CONSUMPTION

Recommended temperature: 14-15° C.
